Kindergarten Requirements

Independence Bible School

Enrollment papers completed

A complete immunization record including Tetanus, Polio, (2) MMR, (3) Hepatitis B, and (2) Varicella immunization

A copy of your child's Birth Certificate

A copy of your child's Social Security Card

For Kindergarten we offer a snack and milk every morning. We recommend that you fill out an application for child nutrition benefits. If you fall within certain guidelines you may qualify for free milk. If you do not qualify then kindergarten milk is 15 cents per day. You can pay by the week or month.

We have an online student management program where you can view your child's attendance, grades, and assignments.

We're excited to have your child at IBS and are looking forward to getting to know them and help mold their life in a positive way! Call our office anytime you have questions or need help.

Independence Bible School: Guidelines for Telecommunications Use

1. Activities must support education and school operations consistent with the educational goals and policies of Independence Bible School.

The use of the Internet and automated systems (mainframe, network, or workstation-based) is not a right, but a privilege, and inappropriate use will result in cancellation of that privilege. School administrators will decide what is inappropriate use based upon guidelines, standards, policies and prudent judgment.

User accounts shall be assigned or closed at the direction of the site or program administrator. It is the site administrators' responsibility to have a signed access use form on file for all users at that site prior to access authorization.

Parents are responsible for contacting their child's school regarding updates or changes to the permissions indicated on the original Internet/Access Use Form.

2. The person in whose name an account is issued is responsible for its proper use.

Unacceptable uses of the network include:

- violating student or staff rights to privacy:
- using profane, obscene or offensive language, graphics or other forms of communication
- use of school system technology resources in support of private or personal businesses; (business partners or interagency agreement agencies may be an exception)
- · misuse or sharing of passwords
- sharing or using personally identifiable information or individually owned or copyrighted material (this includes pictures, artwork, & products) without the author's (or parent/guardian's) prior consent;
- 3. Persons using Independence Bible School's Internet or automated systems connections must be properly authorized.

The signed Internet Use/Access Permission form is to be completed when the student registers or re-registers when transferring back to the school. The signed forms must be maintained on file at the school where the form was first completed.

Parents are responsible for contacting their child's school regarding updates or changes. Any change in permissions must be made in writing using an updated, signed Internet/Access Use Form. The school is responsible for updating the student electronic record and maintaining the updated Internet Use/Permission form on file at the school site.

4. Any breach in security where confidential records may have been accessed or secure information altered is a very serious problem and must be reported to the school administrator.

This is necessary to secure systems which may be at risk, and to track access records to resolve any access or data change problem. The site or program administrator will be notified of suspected access or distribution violations. It will be the responsibility of the administrator to follow up in investigating such reports and taking appropriate action..

5. Use of another individual's account (password) is a security violation. Attempts to log on as another user will result in cancellation of privileges and notification of the responsible administrators.

Any user identified as a security risk or having a history of problems with other computer systems may be denied access to all or part of the network.

Dear Parents/Guardians, During the year, students are photographed participating in class projects and events. These photos are used on the school website, in public relations materials and on the school PFF Facebook page. . Class activities also may be videotaped and shown during special school events. Oftentimes, reporters and photographers from local newspapers visit the school. Although Independence Bible School works with them, the school is not responsible for photographs taken and used by these papers. If you have questions, please call 620-331-3780. In addition, teachers and students have the opportunity to use various forms of technology to share student photos with their class, their school, and their community.. These educational sites will be teacher moderated and allow students to collaborate online with teacher supervision. It provides them the opportunity to learn to use the internet in a responsible manner. Please check the appropriate box below. Remember to return this form to the school office as soon as possible. ____ I grant I do not grant permission for my child's name/picture to be used in Independence Bible School's publications/videos and online for educational lessons and projects.
